5:30 – 7:30 PM

WHERE

Patrick McGovern's Pub, Patio Room

225 7th St. W. , St. Paul, MN

RSVP

RSVP@SecureEnergyFuture.org

.....

You are cordially invited to join members of the Coalition for a Secure Energy Future for food, drinks, and conversation at our annual legislative reception at Patrick McGovern's Patio Room.

The Coalition for a Secure Energy Future is an organization that has been officially established to get the message out to businesses, policymakers, and residents in the Upper Midwest that retaining an all-of-the-above energy mix that includes coal as a regional energy resource will help keep electric rates low, jobs plentiful, and the economy robust.

The coalition is co-chaired by former Senator Roger Moe (DFL-Erskine) and former Representative Mike Beard (R-Shakopee).
